

# GetWet!

How it works:

**We turn on the sprinkler and fill up the buckets and get the water pistols ready.**

**The children play with the water wearing the clothes they came to Club in and their shoes or sandals that can get wet.**

**Most children get completely soaked through!  
Children dry themselves and change into the dry clothes they brought with them.**

## IMPORTANT

Children do not have to take part in GetWet! but if they are going to, they **ABSOLUTELY MUST** bring a towel, a complete set of dry clothes and a pair of shoes or sandals that can get soaked.
