

Knutz Out of School Club

Aims

Our aims for children are to provide a welcoming, well organised environment in which children will be secure while they play, have fun and relax with friends. Caring, well trained staff will listen to children, talk with them and share their achievements while encouraging independence and promoting fundamental British values.

Vision

Knutz out of School Club's vision is that every child should be happy, well cared for and have a place to play with friends while their parents are busy.

Mission

We have made it our mission to provide high quality childcare to children of busy parents at Knutsford Primary Academy and the local community.

Values

Our service will be guided and informed by our values:

Inclusion: We respect people, value diversity, celebrate individuality and are committed to equality of opportunity.

Quality: We strive for excellence through continuous improvement.

Partnership: We are committed to a culture of teamwork and collaboration establishing links with parents, the school, other professionals and the wider community.

Openness: We are committed to a culture of honesty, integrity and transparency.

British Values: We will uphold and promote fundamental British values in all we do.
